October is City Government Month in the Village of Palm Springs

Florida City Government Week is October 16-22, 2016 but the Village of Palm Springs is celebrating the entire month of October. This year, cities across the State of Florida are partnering with or adopting a special community service project or volunteer opportunity. Cities are also promoting volunteering within their communities. Volunteering strengthens communities, solves problems and improves lives.

City Government Week

Florida City Government Week is part of an ongoing effort sponsored by the [Florida League of Cities \(FLC\)](#) to raise public awareness about the services that cities perform and to educate the public on how city government works. The Village will be involving our local schools, businesses, media and civic clubs in planning City Government Month activities. Municipalities such as the Village of Palm Springs provide a higher level of service than most governments, and generally receive a higher approval rate than any other level of government, and yet, many residents are unaware of how city services impact their lives. Through Florida City Government Week, the League hopes to heighten the public's awareness of city government's role in enhancing the quality of life in communities such as Palm Springs.

If you would like a tour of Village Hall for a school group and/or a visit from a staff member to your classroom, please contact Suvi Manner, Library Director at (561) 965-2204

The teen is surprised to learn that Hannah's mysterious father is R.L. Stine, the famous author of the best-selling Goosebumps series. When Zach accidentally unleashes the monsters from the fantastic tales, its up to Stine, his daughter, and Cooper to return the beasts back to the books where they belong."
